

Maximum Rate of Benefits for Calendar Year Beginning January 1, 1996

Under Section 9-603 of the Labor and Employment Article, provides that the maximum compensation paid shall be determined as of January 1st of each calendar year. For Awards for a period greater than or equal to 75 weeks, but less than 250 weeks, compensation to be paid at two-thirds of the employee's average weekly wage not to exceed one-third of the State Average Weekly Wage or \$180.00.
